# WHO WE ARE

CONNECTING CREW.

## OUR **EDGE**, YOUR **ADVANTAGE**

Our team of specialist Crew Agents operate throughout Europe, America and the Caribbean all having extensive experience both working on-board and placing crew members for a broad range of motor and sail yachts. As our crew agents all have prior experience working on-board, we are able to provide a truly professional service built on the foundations of practical knowledge.

Our aim is not only to meet the on paper criteria set out for us, but also ensuring that crew members have all of the required personality traits to promote both longevity and seamless integration with existing crew members. We pride ourselves on building lasting, meaningful relationships built on trust and consistency. Combined with our experience and market leading cost, subsequently providing the best value for money service in the industry.

## OUR FEES

CONNECTINGCREW.

### INDUSTRY LEADING COST

Our mission is simple: to provide the highest levels of service at the most competitive cost in the industry. We believe that our success to date has been derived from not only our industry leading cost but also our teams ability to consistently deliver exceptional Crew Members in a stress free and timely manner.

## OUR PARTNERS

## THE PROFESSIONAL YACHTING ASSOCIATION

Understanding the importance of industry collaboration and ongoing cooperation we are proud partners of The Professional Yachting Association. For more information on The Professional Yachting Association please [click here](#).

## THE STANDARD BANK SEAFARER ACCOUNT

As official partners of Standard Bank our team are able to assist Crew with the set up of the 'Seafarer Account'. Understanding that many Crew Members often struggle to find a suitable, international bank account once working onboard, we have trained all of our staff to provide full upfront and ongoing support. For more information, please [click here](#).

## THE BLUE MARINE FOUNDATION

We've partnered with The Blue Marine Foundation to support the amazing work they do in protecting our oceans. To find out more about their work please [click here](#).
